

OCTOBER - DECEMBER STREET NEWS

STREET FEEDINGS

We fed 1800 people during the months of October through December.

We also distributed around 120 pounds of dog and cat food for our street fur babies.

INTERNATIONAL

Thanks to several of our donors that earmark their donations for Pakistan, we have been able to consistently help this organization, They are growing fast &

continue to go into the remote villages and feed the less fortunate.

In addition, the school they opened last year is thriving and these Brickyard Children now have Hope in Jesus as they are not only learning Math and English, but they are being taught the love of Jesus.

We were able to donate enough money this past quarter to free one of the Brickyard families that had a debt they were paying off. What happens when they borrow money from one of these Brickyard Masters, they become indebted and have to work off the loan which takes years because of the corruptness in these owners.

ANNUAL SCHOOL DRIVE

This year we reached out to our local teachers to find children that were lacking either school supplies, clothing and anything specific that they needed. We helped

several children that needed clothing and shoes this year!!e able to help several children that needed clothing and shoes this year!!

NEW POP-UPS

We started a new adventure in October with 2 Act Ministries. We are serving once a month at one of the Singles Shelters and in addition, we are

providing resources that come and hang out with us. This allows our clients to one-stop shop. We also provide a nice home-cooked meal, clothing, and hygiene and we have Barbers that come and pamper our friends. We even have our compassionate Wound care nurse, Jennifer Austin, who comes and also does foot care for our friends.

FAMILY ASSISTANCE

This sweet young boy named Rory was in need of some school clothes. His mother reached out and we were able to provide Rory with lots of cool clothing so that he will feel better about himself when attending school

FAMILY ASSISTANCE

This is Dallas. Dallas, cares for her elderly mother, Ginger, and their beloved cats.

Dallas is battling health issues and was also in a bad car accident which limited her work even more. They fell behind on the rent and now have an Eviction hanging over their head. Dallas desperately needs medical treatment and a stable home for her family.

Dallas works as a DoorDash delivery person but doesn't make a ton of money doing that. She actually drives to California to work Door Dash because she can make 3X the money. When she does this, she lives in her car!

On their move-out date, we were able to assist them with their first month's rent. They found a home that was renting out a room that is pet-friendly. They have 5 cats!!

Unfortunately on that same day, Dallas wrecked her car and totaled it.

FAMILY ASSISTANCE

Mindy posted that they were in need of some help.

Here is her story:

“When we were asked to leave the Suites with two

hours notice I reached out to everyone, including Lutheran Services, Help of Southern Nevada, Family Promise, and Hopelink. They either never called back or were out of funds so we went back from hotel to hotel until we got into the Emerald Suites.

I'm not the type to feel like I'm entitled to anyone helping me or anything so I wasn't upset they couldn't help. I know some people are way worse off and luckily I do have adult kids who can help with the littles and we can make money every day doing Doordash so we just keep pushing”.

To be able to make more money Mindy needed a Business License so she could Uber along with her husband.

We were able to bless her by paying for the Business License which she now has and now she can start Ubering and start saving for their own place soon.

A month later they were in need of rental assistance while waiting for the Uber vehicle they were going to rent to be able to add Uber to their jobs. We were blessed to be able to pay for a week that allowed them to get back on their feet.

Matthew 25: 35-36

FAMILY ASSISTANCE

Joselin reached out because she was in need of cat food and short on money for a few days. We ordered her cat food from Amazon and she had it the next morning, She was very grateful!!

HOUSING

We met Clint on the streets. He had been in a bad fire. He was lighting his cigar and the lighter exploded. He stopped, dropped and rolled, however a Good Samaritan was walking by and began fanning a blanket and trying to put out the fire. Clint was in the hospital for 6 months and had been on the streets for 2 months when we met him. He is so kind and gentle. While he was in the hospital, he lost his wife and his mother. Clint is determined to get back on his own two feet and is doing the work. We were able to get Clint into Temporary Housing for at least 90 days. He continues to go to the doctor for bandaging and is healing nicely not that he has a roof over his head and a nice bed to sleep in. We thank God for introducing us to Clint!!!

JOB ASSISTANCE

We created a PM Group for jobs that have turned out to be beneficial for those truly looking for work. We have had several men gain employment from the postings that we share. We have had several get Staging gigs paying \$20-\$40 an hour!! Lafayette and Melvin are two our gentlemen that scored jobs. Melvin scored a permanent job! Lafayette likes the staging gigs and is pursuing the training for this. !

HOUSING

Fred, Alaska Bob and Ruben all got into a temporary shelter where we are doing Pop-Up's at. That makes us all so happ!

OBITUARIES

We lost another one of our favorite men this month. Bobby was a huge book reader and had the funniest personality. He had his share of Demons and

they finally took him down. Bobby had a heart of gold and would do anything for people. He was just so funny to be around and we all are going to miss him so much!!!

CHRISTMAS

This year we were able to adopt 7 families!!

Here are some of the stories that led us to adopt them and pictures of the kids with smiles on their faces when they received the gifts.

Family #1 - Back in May, after her grandchildren were held hostage by their mom in the bathroom at knifepoint in their apartment, CPS got involved and she got a call from them asking if she was willing to take them in. She agreed and they were brought to her house all afraid, insecure, and very sad.

Family #2 - This single mom is in need and has fallen on hard times. Inflation has hit this family hard and they are living paycheck to paycheck. They would love any support to help make this Christmas complete!

Family #3 - This couple has 4 kids and financially does not have enough to get the kids gifts after bills. The husband works and the wife donates plasma for spare money but it's not enough!

Family #4 - This mother and her son are from El Salvador. They were kidnapped and raped. The mother contracted HIV. They escaped into Mexico and again were held against their will. They were finally able to get into the US where they sought protection.

Family #5 - This family has its share of challenges. The mother is HIV positive and is blind. The 12-year-old daughter helps take care of the mom

Family #6 - We met this family on one of our Street Feedings. They had just arrived from Ecuador. They are in a Family shelter trying to find work, get their kids enrolled in school, and find their way around.
