

JANUARY - MARCH 2024 STREET NEWS

HOMELESS
OUTREACH

STREET FEEDINGS

We created a new route for our second Street Feeding each month and found some areas that are not serviced by too many organizations. It was amazing to serve them a hot meal along

with clothing and other donations we had collected.

We fed approximately 1600 people during the first quarter of 2024 and could not have done it without our amazing volunteers that step up everytime to prepare these meals from their hearts!!!

TRANSPORTATION

A family member reached out to us for help. They had a gentleman that is in recovery and has been attending some groups. With the new bus systems for him he's having difficulty getting to his meetings

on time. We were able, along with Bob's Bikes For The Needy to provide him with a bicycle!!!

POP-UPS

We finished out the quarter with a bang at the Adult Shelter and the Family Shelter. We fed around 200 people at the Adult shelter and then we fed approximately 350 people at the Family shelter. We provided so many activities for them. We had face painting, necklace making and cookie decorating. The kids had the best time celebrating Easter with a nice meal of Ham, Mac and Cheese and Salads and lots of cupcakes!!!

We also attended a Pop Up with the Nevada Homeless Alliance at Share Village where we fed about 100 folks that were weither homeless or living in the nearby housing.

FAMILY ASSISTANCE

Paul finally got into housing and we were able to furnish his entire apartment with the giving hearts of this organization. Thank you Jesus that Paul is off the streets.

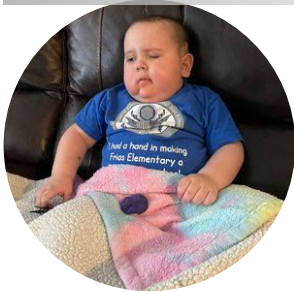

FAMILY ASSISTANCE

Charyl moved here with her husband and 5 children to start a new life. That didn't work out and they split up and he took everything.

We were able to provide this family with all the kitchen items such as pots and pans, dishes, etc, a TV, bathroom items, and things to assess their place.

FAMILY ASSISTANCE

Kathy and her family have been dealt a rough hand. Her son Henry, who is Autistic has Glioblastoma. We have walked alongside them thru their stay in UTah at the Children's

to helping them get into Emergency Housing and then into temporary housing. Henry was responding very well right after treatments, but as of today, he is not doing well. We continue to walk alongside them as they decide how to help Henry by providing them with some of the needs Henry has,

FAMILY ASSISTANCE

We met Clint on the streets after he had been burned on 74% of his body. He was in the hospital for 6 months. going thru burn treatment and it was a horrific time for Clint. While he was in the

hospital his wife died in the same hospital and his mother died three days later. Clint lost everything. We managed to get him into the Liberty Wellness Center and within 2 months he was able to get into permanent housing! We were able to furnish his entire apartment and get him settled in very nicely!! Clint continues to heal from his burns, and the doctors say he is doing very well! He went back to college at UNLV and looks forward to working very soon!!!

Clint continues to thrive and we continue to walk alongside him every step of the way!

FAMILY ASSISTANCE

God put Jai in our life and we have been on quite the journey. We are walking alongside her to see what we can do to get her on the right path with her doctors & most importantly a Therapist

to help her begin to heal from her past life. She has had one of the most horrific lives that I have ever heard of and we are not giving up on her. She is the kindest soul that you will ever meet.

FAMILY ASSISTANCE

Krista reached out when she found herself on the streets with her son. We guided her to a Shelter, then recommended she attend Tiger Todds classes and she was able to get her Birth Certificate, ID Card and SS card. We added her

to the job board and she secured a job at Albertson within no time. She now has a second job and is also working on reviving her Catering company.

Krista recently secured housing and we were able to help her furnish it almost completely!!

SHARED ROOMS

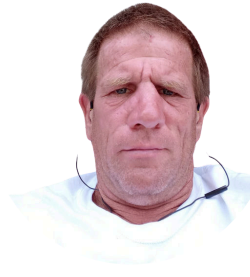

I met Georgia at Help of Southern Nevada while helping out a new friend and she was trying to get to the Rescue Mission. I volunteered to drive her there. When she tried to get a bed, she was turned

away. She called me and we put her up for the night. The following day I connected her with one of our Resources that were able to put her in a group home while she regroups here in Las Vegas.

We received a call from Darren. He was homeless and in need of medical care. I reached out to one of our resources and they were able to get him into a shared room in a home that caters to those with medical needs.

BUS TICKETS HOME

Greg reached out after becoming stranded in Vegas. It was freezing outside and he was trying to get back to Tampa. He could not get a bed at the Shelters and considered calling the police to get himself arrested so he had a bed for the night. We were able to verify his family would be willing to take him in and pick him up from the airport Thank you Spirit Airlines for your cheap pricing!!

BUS TICKETS HOME

Serving Love Las Vegas sent us a gentleman that was in need of a job. After talking with him, he came to Vegas for a girl and that did not

work out. He was living in his car when it got stolen and was in quite a pickle. He had nothing here so we discussed the possibility of going home and he was thrilled that we were able to send him back to Delaware to be with his family and take care of some health issues he was unable to deal with while in Vegas.

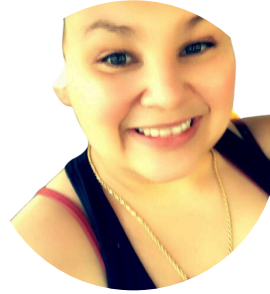

LODGING

We were able to provide lodging for our friend Fred as he dealt with some personal issues. He needed a few nights to get it together and now is back in a weekly with his dog Batman!

JOB BOARD

Maria joined our JobBoard and went to a small job fair with different non profits last weekend. She was interviewed on the spot and hired on the spot. Blessings I was hired by Opportunity Village.

She is super stoked to be back in the workforce

LODGING

We were able to provide a few nights in a hotel to Jessica and her 4 kids under the age of 5 that is coming out of a domestic violence situation. The husband froze all assets and cut off the mom and kids financially. None of the family shelters had any spots for families, so we were able to help for a couple of night while we tried to come up with a gameplan for them.

JOB BOARD

Krista hit the ground running. After she completed Tiger Todd's classes we added her to the job board where she found two jobs.

LODGING

We were able to help Zandra and Robby get off the streets for a couple of weeks. While they were off the streets Zandra had to be transported to the hospital where she had infections throughout

her body and many other medical issues. Zandra is back on the streets and we really need to pray for her and Robby.

OBITUARIES

We lost our dear friend Leonardo, who was 86 years old. God only knows how long he lived on the streets. He was a funny man and was very stubborn. He might like you one minute and the next, not so much. Rest In Peace my friend!!
